Block leaders celebrate collaborative neighborhood improvements

StreetHeart proudly announces the remarkable achievements of its 2023/2024 Block Leaders who have been working together to create opportunities that enhance connections between neighbors and foster a sense of community within their neighborhood. Through various projects these leaders have played a pivotal role in making our StreetHeart neighborhood more vibrant and inclusive. One of the standout achievements includes the organization of engaging

neighborhood events like kickball tournaments and ice cream socials, bringing residents together in fun ways. These events not only promote physical activity but also strengthen the bonds between neighbors. In a heartwarming initiative, StreetHeart Block Leaders funded a project that brought joy to both Galewood Kindergarteners and Edmond Senior Apartment residents. The May Day flower delivery facilitated a beautiful interaction between the young students and the apartment residents, creating cherished memories and fostering intergenerational connections. This past fall, Residents of StreetHeart voiced interest in building connections with City Council Candidates prior to the recent elections, and Block Leaders facilitated the only local Candidate meet and greet event providing opportunities for Charlotte residents to connect with these leaders prior to the election.

StreetHeart Block Leaders are compensated for their dedication and efforts with a quarterly stipend, acknowledging the value of their commitment to building healthier neighborhoods. The stipend is earned through the ongoing leadership development and diligence exhibited by these leaders in creating positive change within our communities. The StreetHeart neighborhood is located east of downtown Charlotte between Washington and Johnson, and between Lawrence and Henry. StreetHeart
