StreetHeart Historical Marker Project

StreetHeart Block leaders are partnering with CharlotteRising and the Eaton County Historical Commission to host a community information session, providing residents with more information on how to acquire a Historical Marker plaque for their homes and/or businesses.

StreetHeart Neighbors are invited to attend one of the two upcoming sessions to see examples of these historical plaques, learn about what information can be included on a residential or commercial sign, and complete an application with the assistance of the Historical Commission.

Residents are encouraged to bring along information to help with the Historical Marker application, such as the year your home was built, any previous owners, and any unique stories specific to the home to assist with the application process. If homeowners are unsure of historical details they will be provided with research assistance prior to application.

Historical Marker Plaques have a cost of \$35 and scholarships are available to StreetHeart Neighbors to assist with the cost of application. For more information contact Neighborhood Coordinator, **Kalli**, for more information: Kalli@ECH-Eaton.org or call 517-652-3228.
